WORK EXPERIENCE

- IMG ARENA

Brisbane, Australia

Data Collector

May 2025 – Present

- Monitor and record live sporting events in real time with high precision using IMG ARENA's proprietary data collection platform.
- Ensure the accuracy and integrity of event data such as goals, fouls, substitutions, and timing, critical for live betting and broadcast services.
- Communicate with remote teams to resolve issues and maintain quality standards during live operations.
- Maintain focus and consistency during fast-paced match environments, contributing to the global sports data ecosystem.

- Domino's Pizza Queen Street, Brisbane

Brisbane, Australia

Shift Runner

Mar 2023 – Present

- Led shift operations, managed staff scheduling, and delivered high-quality service in a fast-paced environment.

PROJECTS

- iSavelt – Personal Finance Management App (2022)

- Built a Django + PostgreSQL backend for tracking budgets and expenses. Integrated CI/CD for smooth deployment, focusing on data security and user-friendly design.

- NontonNyaman – Accessibility-Focused Navigation App (2024)

- Developed a mobile app to improve navigation for users with mobility impairments. Managed backend services using Django and PostgreSQL.

- MenuScanOrder – QR Code-Based Restaurant Ordering System (2024)

- Created a scalable SaaS platform for digital menus and order management using CodeIgniter (PHP) and PostgreSQL. Included real-time tracking and admin dashboard.

CO-CURRICULAR ACTIVITIES

- COMPFEST 14 – Tech Conference & Hackathon

Depok, Indonesia

Web Development Staff

Mar 2022 – Nov 2022

- Built and managed a Django-based website to host event details, speaker profiles, and live updates. Worked on backend logic, template rendering, and database integration using PostgreSQL.

- PERAK 2021 – University Tech Event

Depok, Indonesia

Web Development Staff

Jan 2021 – Apr 2021

- Developed and maintained the event website using Django, integrating registration, schedules, and vendor features. Collaborated with teams to deploy updates and ensure a smooth user experience.
